ACCESSING THE BEST TECHNOLOGY HAS TO OFFER

FACE TECHNOLOGIES

IDENTIFYING NEEDS ... SURPASSING EXPECTATIONS

IN A WORLD WHERE INCREASED TRANSPARENCY AND GREATER DEMANDS FOR DEMOCRATICALLY- ELECTED GOVERNMENTS ARE BEING REQUIRED BY CITIZENS, THE SERVICES AND PRODUCTS OFFERED BY FACE TECHNOLOGIES ARE BECOMING MORE AND MORE SOUGHT AFTER. IT IS EVERY GOVERNMENT'S OBJECTIVE TO RUN A FREE AND FAIR ELECTION. PROFESSIONALISM BEGINS WITH HAVING FOOLPROOF SYSTEMS IN PLACE TO SUPPORT AN ELECTION. WHEN IT COMES TO A SEEMINGLY INSURMOUNTABLE TASK SUCH AS THIS, IT IS WISE TO CALL IN THE FIELD EXPERTS.

CAST YOUR VOTE BEHIND A WINNING SOLUTION

Face Technologies, or Face as the company is commonly referred to, is an IT systems integrator specialising in card technology and biometrics. Founded in 1993, we at Face have in excess of 15 years' experience in this specialised field.

The Face team uses its all-embracing knowledge in the design, development and implementation of customised, integrated electoral solutions for our clients. Being born and bred Africans, we are

completely familiar with the unique logistical challenges facing elections on the African continent. Our electoral solution incorporates this knowledge, to provide our clients with accurate, appropriate solutions for the hosting of both local and national elections.

The Face electoral solution provides the following customisable features:

- + District delimitation: boundaries for voting districts are set
- + Training: voting officials are trained on the voting procedures
- + Voter registration: takes place at the various locations
- + District re-delimitation: if necessary
- + Printing of voter lists
- + Party/candidate management
- + Voter kits, e.g. stationery, are put together
- + Support on election day is provided
- + Support with results counting is provided
- + Support with communication to press, parties and the public is provided
- + Support with by-elections are provided
- + Ongoing voter list updating takes place

In closing, we at Face Technologies welcome your enquiry. We have an established track record, and we use state-of-the-art technology and proven project management techniques to deliver fully integrated, customised turnkey solutions on a client-for-client basis.
